## FINANCIAL EXPLOITATION PREVENTION CENTER of TARRANT COUNTY

An effort to stop known and unknown individuals from illegally or improperly using funds or resources of at-risk adults for personal profit or gain led to the creation of the Financial Exploitation Prevention Center (FEPC).

The Tarrant County Criminal District Attorney partners with FEPC, along with Adult Protective Services, to investigate and prosecute offenders. GSI is focused on the prevention of financial exploitation and victim services. Supports are in place at GSI, and are strengthened by community partners who have agreed to assist in the eradication of financial exploitation in Tarrant County.
